\* Exceeds 100%

(1) Represents cost of revenues, research and development, selling and marketing and general and administrative expenses, excluding stock-based compensation and one-time charges. Refer to tables H and I for a reconciliation to the comparable GAAP measure.

(2) Represents depreciation and amortization of property and equipment, amortization of intangible assets, one-time costs, loss on disposal of property and equipment, and stock-based compensation. Refer to tables H and I for a reconciliation to the comparable GAAP measure.

(3) Represents net income and EPS before amortization of intangible assets, one-time costs, and stock-based compensation. Refer to table D for a reconciliation to the comparable GAAP measure.

(4) Represents net income before interest expense, interest income, income tax expense, depreciation, amortization, non-cash stock-based compensation expense and one-time costs. Refer to table C for a reconciliation to the comparable GAAP measure.

### First Quarter 2009 Results Compared to First Quarter 2008 Results

#### Revenues

Total revenues for the first quarter of 2009 ("Q1 2009") were \$77.4 million, up 8.7% from \$71.2 million in the first quarter of 2008 ("Q1 2008"). Q1 2009 revenue includes \$0.6 million from Innovest, which was acquired on March 2, 2009. Q1 2009 consolidated revenues increased \$1.9 million or 2.5% relative to the fourth quarter of 2008 primarily due to an increase in non-recurring revenue for ISS Corporate Advisory services.

On a business segment level, Q1 2009 Risk revenues were \$40.2 million, a 16.7% increase over Q1 2008. This was primarily driven by 16.1% growth in RiskManager revenue resulting from new sales in the asset management and hedge fund sectors in 2008.

ISS revenues were \$37.2 million in Q1 2009, a 1.1% increase over Q1 2008. On a product level, total Governance Services (mainly Proxy Research and Voting Services) revenues of \$23.1 million for Q1 2009 increased 3.2% from Q1 2008 primarily due to an increase in proxy research and SCAS revenues. Financial Research and Analysis ("FR&A") revenues of \$14.1 million for Q1 2009 decreased 2.2%, or \$0.3 million, over Q1 2008. The decline in FR&A revenue was primarily due to a decline in CFRA revenue as a result of declining renewal rates partially offset by an increase in ES&G revenue, including that from the Innovest acquisition.

#### Adjusted EBITDA Expenses

Adjusted EBITDA expenses, which exclude depreciation and amortization of property and equipment, amortization of intangible assets, one-time costs, and non-cash stock-based compensation expense, interest, dividend and investment income (expense) and income tax expense, of \$48.0 million remained

flat compared to Q1 2008. Changes in foreign exchange rates (principally the strengthening of the US dollar) in Q1 2009 compared to Q1 2008 had a favorable impact on reported operating expenses of \$0.9 million.

Compensation expense, which accounted for 70.3% of total Adjusted EBITDA expenses, increased by 1.4% to \$33.8 million for Q1 2009 compared to Q1 2008 due to increased salaries partially offset by lower commissions and favorable changes in foreign exchange rates.

Non-compensation expenses decreased to \$14.2 million, or 3.2%, for Q1 2009 from Q1 2008, due mainly to decreases in marketing and travel and entertainment expenses, reduced data costs and favorable changes in foreign exchange rates. Q1 2009 non-compensation expenses were favorably impacted by a one-time data reduction cost of \$0.8 million from a data vendor.

#### Adjusted EBITDA

Consolidated Adjusted EBITDA increased 26.5% to \$29.4 million in Q1 2009 from \$23.2 million in Q1 2008. EBITDA, including stock-based compensation expense of \$1.8 million, was \$27.6 million in Q1 2009.

The Adjusted EBITDA margin expanded 530 basis points to 37.9% in Q1 2009, compared with 32.6% in Q1 2008 as revenues continued to grow at a higher rate than Adjusted EBITDA expenses. Consolidated Q1 2009 Adjusted EBITDA margin increased 380 basis points compared to full year 2008 EBITDA margin of 34.1%.

On a segment level, the Risk business generated Adjusted EBITDA of \$17.2 million, which was a 43.0% increase over Q1 2008. The Q1 2009 Risk Adjusted EBITDA Margin was 42.7% as compared to 34.8% in Q1 2008 as revenues grew by 16.7% and Adjusted EBITDA expenses grew by 2.7%.

ISS generated Adjusted EBITDA of \$12.2 million in Q1 2009 which was an 8.8% increase over Q1 2008. The Q1 2009 ISS Adjusted EBITDA Margin was 32.8% as compared to 30.5% in Q1 2008 as revenues grew by 1.1% and Adjusted EBITDA expenses decreased by 2.3%.

"Despite decelerating revenue growth, we continue to expand our EBITDA margins through realization of benefits from investments made in our scalable business model," said David Obstler, Chief Financial Officer of RiskMetrics Group.

#### Other Operating Expenses and Income from Operations

Consolidated Q1 2009 income from operations was \$18.7 million, an increase of 55.2% compared to \$12.1 million in Q1 2008. Other operating expenses (stock-based compensation, depreciation, amortization, one-time charges and loss on disposal of fixed assets) of \$10.7 million declined \$0.5 million compared to Q1 2008 primarily due to a \$1.6 million decline in stock-based compensation partially offset by one-time costs of \$1.3 million in Q1 2009. The decrease in stock-based compensation was primarily due to a \$1.3 million charge in Q1 2008 for IPO stock option grants. In Q1 2009, one-time charges of \$1.3 million were incurred relating to lease exit costs, employee severance charges and Innovest acquisition costs.

#### Interest, Dividend, Investment and Other Income (Expense), Net

Net interest, dividend, investment and other expense decreased to \$5.2 million for Q1 2009 from \$11.5 million in Q1 2008. This decrease in other expense was mainly due to lower interest expense and one-time IPO and debt repayment-related costs of \$5.0 million in Q1 2008, which consisted of a \$1.25 million debt prepayment penalty fee and a \$1.4 million loss on an interest rate swap settlement, both included in the Other Expense line, as well as a non-cash \$2.4 million debt issuance cost write-off, included in Interest Expense during Q1 2008.

#### Net Income and EPS

Net income for Q1 2009 of \$8.5 million increased from \$0.3 million for Q1 2008. GAAP EPS (diluted) increased to \$0.13 for Q1 2009 from \$0.01 in Q1 2008. EPS for Q1 2009 excluding one-time costs for was \$0.14.

The effective tax rate for Q1 2009 decreased to 36.9% compared to 39.5% in Q1 2008 primarily as a result of increased pre-tax earnings and a reduction in non-deductible stock-based compensation expense.

Adjusted net income, as defined in Table D, increased to \$14.0 million in Q1 2009 from \$8.6 million in Q1 2008. Adjusted EPS increased to \$0.21 for Q1 2009 from \$0.13 in Q1 2008.

#### Selected Operating Data

The Company believes that the following supplemental consolidated financial information is helpful to understanding the Company's overall financial results.

**Table B**

Operating Data	As of and for the Three Months Ended	
	March 31, 2009	2008
Annualized Contract Value (1)		
Risk	\$ 159,994	\$ 142,505
% Growth	12.3	%
ISS (2)	\$ 127,977	\$ 125,059

% Growth	2.3	%		
Annualized Contract Value	\$ 287,971		\$ 267,564	
% Growth	7.6	%		
Recurring Revenue as a % of total revenue				
(3)				
Risk	98.5	%	99.0	%
ISS	83.7	%	84.6	%
Recurring Revenue as a % of total revenue	91.4	%	91.6	%
Renewal Rate				
Risk	85.8	%	87.7	%
ISS	80.4	%	89.6	%
Renewal Rate	83.5	%	88.4	%

#### Notes to Operating Data Table:

(1 We define annualized contract value ("ACV") as the aggregate value, on an annualized basis, of all recurring subscription contracts in effect on a reporting date.

(2 Innovest was acquired on March 2, 2009 with \$5.2 million of ACV, which is not included in ISS ACV as of March 31, 2008. Innovest ACV does not include any contracts where fees are based on the clients' asset under management, which currently have approximately \$0.8 million of annual revenue.

(3 We define recurring revenue as a percentage of total revenue as revenue from subscription contracts divided by total revenue during the applicable period.

Overall, renewal rates were 83.5% for the quarter ended March 31, 2009 as compared with 88.4% for the quarter ended March 31, 2008 and 84.2% for the quarter ended December 31, 2008. Risk achieved a renewal rate of 85.8% which decreased compared to the Q1 2008 rate of 87.7% and remained steady with the Q4 2008 renewal rate of 85.8%. ISS had a renewal rate of 80.4% which decreased compared to the Q1 2008 rate of 89.6% and Q4 2008 renewal rate of 83.0%.

The Risk renewal rate declined mainly due to higher non-renewals in the alternative investment segment offset by steady renewal rates in the asset management segment. The Risk renewal rate remained consistent with Q4 2008 across all segments. The ISS renewal rate declined primarily due to a decline in the proxy business renewal rate driven by budget constraints of clients, as well as significantly lower renewal rates in Corporate Services and CFRA products. The proxy business renewal rate in Q1 2009 was slightly lower than in Q4 2008.

Annualized Contract Value increased 7.6% for the quarter ended March 31, 2009, with Risk ACV increasing 12.3% (from \$142.5 million to \$160.0 million) and ISS ACV growing 2.3% (from \$125.1 million to \$128.0 million). Proforma for the Innovest acquisition, consolidated ACV grew 5.7% and ISS ACV declined 1.8%. Risk average ACV per client continued to increase to over \$280,000 from \$225,000 in Q1 2008. Consolidated ACV of \$288.0 million as of March 31, 2009 increased \$2.0 million compared to December 31, 2008 due to the acquisition of Innovest and first quarter 2009 new sales, offset by non-renewals as well as an over \$2.5 million negative currency effect primarily related to the depreciation of the Euro and British pound.

Consolidated Q1 2009 new ACV sales were \$8.2 million, a decrease from \$21.8 million in Q1 2008 and \$16.7 million in fourth quarter 2008.

One-time sales were \$7.8 million in Q1 2009, up 19% over Q1 2008 and 26% over fourth quarter 2008, due to strong sales of Corporate Services products and increased implementation fees.

RiskMetrics continued to have success in growing our relationship with existing clients with approximately 55% of new ACV sales coming from existing clients.

#### Discussion of Cash Flow

As of March 31, 2009, cash and cash equivalents were \$159.3 million, down \$11.5 million compared to December 31, 2008. In Q1 2009, we completed the acquisition of Innovest which used \$14.9 million of cash. Operating activities for Q1 2009 provided cash of \$4.3 million, compared to cash used of \$12.9 million in Q1 2008.

Capital expenditures decreased to \$0.6 million for Q1 2009 compared to \$1.8 million in Q1 2008.

Free Cash Flow (operating cash flow minus capital expenditures) for the quarter ended March 31, 2009 increased to positive \$3.7 million compared to negative \$14.7 million for Q1 2008.

Our cash flow tends to be lower in the beginning of each year due to year end bonuses and commissions paid during this period. As a result, we typically generate more cash flows from operations during the second half of the year than during the first half of the year.

#### 2009 Guidance

As of May 5, 2009, the Company is providing the following update to its fiscal 2009 financial guidance which was previously provided on February 19, 2009:

- Revenue is expected to be at or below the low end of the previous \$315 to \$330 million range for the fiscal year ending December 31, 2009.
- Adjusted EBITDA is expected to be within the previously provided range of \$112-\$120 million.

#### Conference Call Information

The Company will hold a conference call to discuss results for the first quarter of 2009 today at 10 a.m. Eastern. The call will be hosted by Ethan Berman, Chief Executive Officer, and David Obstler, Chief Financial Officer, of RiskMetrics Group. Investors can participate in the conference call by using the following dial-in details:

US Toll free dial-in	866.356.4281
International dial-in	617.597.5395
Pass code	63956373

In addition, investors can access the conference call (as well as a replay of the call) directly from the RiskMetrics Group Investor Relations Web Site at <http://investor.riskmetrics.com>.

#### Adjusted EBITDA

The table below sets forth a reconciliation of Net Income to Adjusted EBITDA on our historical results:

**Table C**

	Three months ended	
	March 31,	
	2009	2008
Net income	\$ 8,527	\$ 347
Interest, other expense, net	5,193	11,477
Income tax expense	4,981	227
Depreciation and amortization of property and equipment	1,955	2,115
Amortization of intangible assets	5,592	5,456
Stock-based compensation	1,808	3,361
Non-recurring expenses (a)	1,303	198
Loss on disposal of property and equipment		22
Adjusted EBITDA	\$ 29,359	\$ 23,203

(a) Represents employee severance, transaction costs, and lease exit costs incurred.

Adjusted EBITDA, as defined in our credit facility, represents net income (loss) before interest expense, interest income, income tax expense (benefit), depreciation and amortization of property and equipment, amortization of intangible assets, impairment of goodwill and intangible assets, non-cash stock-based compensation expense and extraordinary or non-recurring charges or expenses. It is a material metric used by our lenders in evaluating compliance with the maximum consolidated leverage ratio covenant in our credit facility. The maximum consolidated leverage ratio covenant, as defined in our credit facilities, represents the ratio of total indebtedness as compared to Adjusted EBITDA, and cannot exceed a maximum ratio range which declines from 8.50 to 3.00 over the life of the credit facilities. Non-compliance with this covenant could result in us being required to immediately repay our outstanding indebtedness under our credit facility. Adjusted EBITDA is also a metric used by management to measure operating performance and for planning, including preparation of annual budgets, analyzing investment decisions and evaluating profitability.

We also present Adjusted EBITDA as a supplemental performance measure because we believe that this measure provides our board of directors, management and investors with additional information to measure our performance, provide more consistent comparisons from period to period by excluding potential differences caused by variations in capital structure (affecting interest expense), tax position (such as the impact on periods of changes in effective tax rates or net operating losses), the age and book depreciation of fixed assets (affecting relative depreciation expense), acquisitions (affecting amortization expense) and compensation plans (affecting stock-based compensation expense).

Adjusted EBITDA is not a measurement of our financial performance under U.S. GAAP and should not be considered as an alternative to net income, operating income or any other performance measures derived in accordance with U.S. GAAP or as an alternative to cash flow from operating activities as a measure of our profitability or liquidity.

#### Adjusted EBITDA Expenses

Adjusted EBITDA expenses represent cost of revenues, research and development, selling and marketing and general administrative expenses, excluding stock-based compensation. Adjusted EBITDA expenses represent expenses which are classified as reductions to Adjusted EBITDA, as defined in our credit facility. Adjusted EBITDA is also a metric used by management to measure operating performance and for planning, including preparation of annual budgets, analyzing investment decisions and evaluating

profitability.

#### Other Operating Expenses

Other operating expenses represent stock-based compensation, depreciation and amortization of property and equipment, amortization of intangible assets and loss on disposal of property and equipment. Other operating expenses represent expenses which are classified as reductions to Adjusted EBITDA, as defined in our credit facility.

#### Adjusted Net Income and EPS

We define adjusted net income and adjusted EPS as net income (earnings per share) before amortization of intangibles, one-time costs, impairment charges and stock-based compensation. A reconciliation from net income and EPS to Adjusted net income and EPS is set forth below.

**Table D**

	Three months ended March 31,	
	2009	2008
	\$ Amount	\$ Amount
GAAP - Net Income	\$ 8,527	\$ 347
Plus: One-time Costs	1,303	(1) 6,348 (2)
Plus: Non IPO Stock-Based Compensation	1,808	2,004
Plus: Amortization of Intangible Assets	5,592	5,456
Income tax effect	(3,211 )	(5,591 )
Adjusted Net income before, stock-based compensation, amortization of intangibles and one-time costs	\$ 14,019	\$ 8,564
Adjusted EPS - diluted	\$ 0.21	\$ 0.13
Diluted Shares	67,342,539	64,811,753

	Three months ended March 31,	
	2009	
	\$ Amount	
GAAP - Net Income	\$	8,527
Plus: One-time Costs (1)		1,303
Income tax effect	(481	)
Adjusted Net income before one-time costs	\$	9,349
EPS before one-time costs - diluted	\$	0.14
Diluted Shares		67,342,539

(1) Includes one-time expenses which include employee severance costs of \$0.5 million, \$0.6 million for lease exit costs and \$0.2 million for Innovest acquisition related costs during the three months ended March 31, 2009.

(2) Includes one-time expenses incurred as a result of the IPO, which include \$1.4 million of stock-based compensation related to IPO stock option grants, a \$1.25million debt prepayment penalty fee, a \$2.4 million write-off of debt issuance costs and a \$1.4million loss on an interest rate swap settlement, during the three months ended March 31, 2008.

#### Free Cash Flow

We define free cash flow as net cash provided by operating activities from continuing operations minus capital expenditures. We believe free cash flow is an important non-GAAP measure as it provides useful cash flow information regarding our ability to service, incur or pay down indebtedness. We use free cash flow as a measure to reflect cash available to service our debt as well as to fund our expenditures. A limitation of using free cash flow versus the GAAP measure of net cash provided by operating activities is that free cash flow does not represent the total increase or decrease in the cash balance from operations for the period since it excludes cash used for capital expenditures during the period.

#### Historical GAAP Financial Statements

Tables E through G presents the historical GAAP financial statements of RiskMetrics Group as of and for the quarter ended March 31, 2009.

#### Supplemental Information and Non-GAAP Reconciliations

The tables below set forth a reconciliation of GAAP costs of revenues, research and development, selling and marketing and general and administrative expenses to Adjusted EBITDA expenses and other operating expenses:

**Table H**  
**RISKMETRICS GROUP, INC.**
